"I have dealt with urinary incontinence (NBD) since an injury in the Marine Corps when I was 19 years old. During that 30 years, I have tried many different products and Tranquility has proven to be the most reliable solution. As a civil engineer I go to a lot of job sites for extended periods, oftentimes with no facilities available. Your products give me the peace of mind and freedom I need to plan my day around my work, and not my bladder issues. Thank you for a great product!"

~ J.J. Long Beach, CA — Tranquility SlimLine® Brief
