

Real Life Protection

INCONTINENCE CARE GUIDE

Designed to help you regain what incontinence has taken.

Wellness. Comfort. Security. Confidence. Activity. Involvement. Time.

We're here to guide you, or those in your care, to find the perfect solution for even the most challenging incontinence care needs, with higher-performing, superabsorbent protection. Let us help restore your peace of mind and get back the freedom to live well, so you can focus on the things that matter most.

“I care for my husband, a Veteran who receives his incontinence care supplies through the VA. I contacted Tranquility® to ask for a sample of Tranquility Essential® Underwear – Moderate. The **Tranquility representative was so nice and understanding**, and sent us a sample within just three days. Tranquility underwear are good quality and **helped him feel safe and sound** in his incontinence product. The VA complied with our request to make this his new regular product. I am grateful that **Tranquility and the VA solved our problem!**”

M., CAREGIVER, OHIO

Why Tranquility?

A Personal Focus

We offer a breadth of products that uniquely support specific medical conditions, lifestyle needs and budgets, so you can find a product that feels like it was made just for you.

Commitment to Care

Family-minded to the core, we are committed to your needs, ensuring you may live with the confidence, comfort and continual support you deserve.

Compassion-Driven Innovation

Through rigorous research and testing, we never stop refining better ways to support healthier, more fulfilled lives and higher quality care.

Our straightforward product lineup is designed to make it easy for you to select the right product, in the correct size, with the best features to manage your individual needs.

premium

Our highest-performing range of incontinence products. Find the ideal balance of protection, comfort and design, with a diverse selection of sizes, types and absorbency levels.

essential.

High-quality products with reliable performance to support comfort and confidence for those with moderate to heavy incontinence. Great option for Medicaid!

specialty

Products specifically innovated for unique use cases and specialized needs, empowering wearers and caregivers to achieve a new level of freedom.

Our commitment to provide Real Life Protection means that Tranquility products absorb and contain their stated fluid capacity, no matter how much pressure is applied to the product. Whether you're sleeping, sitting or on-the-move, you can rely on our clinically proven design to protect you, so you can live freely and confidently with fewer worries.

THE TRANQUILITY DIFFERENCE

We hold cups, not drops.

We get it, using drops to show absorbency can be confusing. Tranquility values transparency. This is why we state our product's full retention capacity on every package, in cups.

No more misleading raindrops. No more second-guessing how much each product can hold. **We make it easy for you to understand which product you need and feel confident in the product you choose.**

We measure our products using **Capacity Under Pressure**, a proprietary test method that measures the product's retention capacity (the amount of fluid absorbed by the product that cannot be forced out with pressure), providing a more accurate representation of the product's absorbency under daily use.

Choose your color-coded protection level

MAXIMUM	Up to 34.0 oz/1005 mL	
SUPER	Up to 25.0 oz/740 mL	
HEAVY	Up to 19.0 oz/562 mL	
MODERATE	Up to 13.5 oz/400 mL	

= 8 oz

Capacity may vary by size or style; the average adult releases 8-12 oz (237-355 mL) when they urinate.

FEATURES AND BENEFITS

Compassion-driven innovation starts with you. Our research team is committed to learning what matters most to you and pairing that with the latest technology available to develop solutions for your unique needs.

LEAKAGE CONTROL

Absorbency target zones combined with other features, such as Kufguards®, gentle leg elastics and moisture-proof materials, are designed to secure leaks and maintain your confidence.

ODOR REDUCTION

Superabsorbent core wicks away fluid, neutralizing pH and reducing odor for your discretion.

SKIN HEALTH PROTECTION

Breathability combined with superabsorbent core support an ideal microclimate that neutralizes pH and keeps your skin dry.

ADDITIONAL CAPACITY

Additional capacity extends the wear time of your primary product.

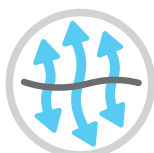

SOFT COMFORT

Soft, clothlike layer is gentle against skin.

SECURE PLACEMENT

Adhesive strip secures product in place to prevent sliding.

100% BREATHABLE MATERIALS

Ensures a barrier to liquid while allowing air to flow through and heat and humidity to escape, for optimal skin health protection.

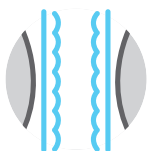

BREATHABLE SIDES

Allows air to circulate around the body, promoting skin integrity.

CLOSURE TABS

Advanced tape system securely fastens the brief while allowing for multiple openings.

KUFGUARDS®

Inner leg cuffs channel fluids into the core, helping to contain high-volume episodes.

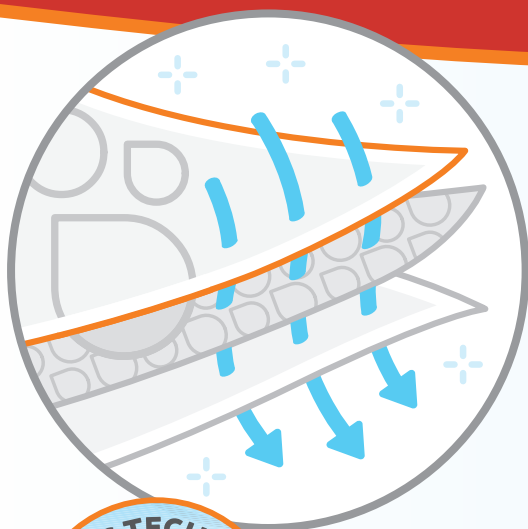

WETNESS INDICATOR

Yellow lines turn blue when product reaches capacity to indicate change is needed.

NOT MADE WITH NATURAL RUBBER LATEX

All Tranquility products are latex-free for your skin's safety and comfort.

What is Air-Plus™ Technology?

AIR-PLUS TECHNOLOGY

100% breathable material combined with our superabsorbent core to create an optimal environment for healthy skin:

- Permits air to flow through while ensuring a barrier to liquid
- Allows skin-damaging heat and humidity to escape for cooler comfort
- Core locks fluid away from skin and traps odor for enhanced confidence

Plus — no changes to absorption performance or leakage control

Real Life Stories

Tranquility® products are designed to make a real difference in the lives of wearers, caregivers and healthcare professionals. Read a few real stories below describing how people like you have benefited from Tranquility over the last 40 years.

“Tranquility® Premium OverNight™ Underwear are absolutely the best! They are **super comfortable, fit well and control odor** well. They are worth every penny! When wearing Tranquility protection, **I feel relaxed and reassured** all day and night.”

VERIFIED TRANQUILITY CUSTOMER

“I used to use a competing brand of incontinence products. I felt that I had tried everything, and I was ready to give up. After switching to Tranquility®, I am so much happier. Nothing held nearly as much fluid as Tranquility diapers. They are incredibly absorbent and thicker than other incontinence product brands.”

Diane, WEARER, SOUTH DAKOTA

“In my 25 years of being a wound care professional, **Tranquility® is the only brand I have ever recommended.**”

CAREGIVING PROFESSIONAL,
SOUTHEAST U.S. CARE COMMUNITY

Incontinence Product Guide

The journey to managing incontinence is based on individual needs. The first step is understanding the type and severity of incontinence a person is experiencing. This helps determine which product category, size and protection level* is right for them.

INCONTINENCE TYPES

*For more information about Tranquility's protection levels, see page 5.

PRODUCT CATEGORIES

Pads, Liners and Guards are absorbent pads designed for light to moderate incontinence. An adhesive strip holds the pad securely in regular underwear to provide discreet protection.

Protective Underwear are pull-on products that fit like regular underwear. The soft, elastic waistband provides a discreet and comfortable fit. Protective underwear is for moderate to maximum incontinence protection.

Booster Pads are flow-through pads designed to add absorbent capacity to a primary incontinence product. The flexible design allows for personalized positioning to add protection when and where it is needed – ideal for pairing with protective underwear or brief-style products.

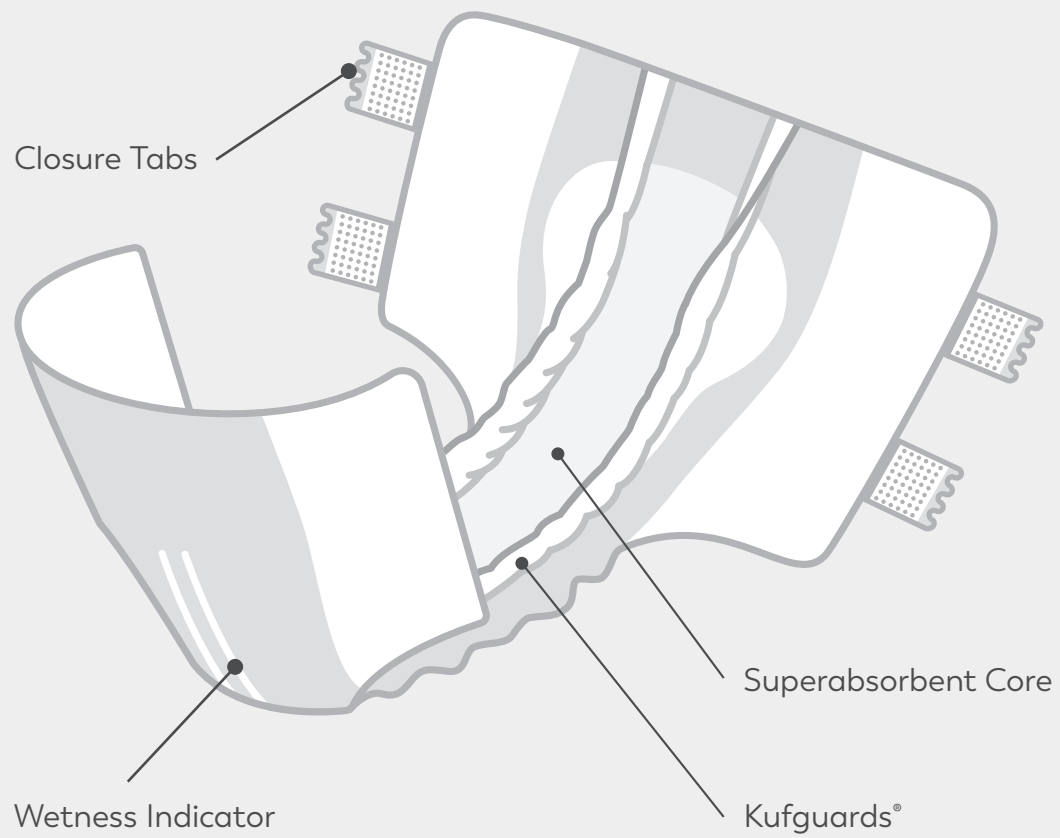

Underpads provide an additional layer of protection to safeguard surfaces, such as bedding, furniture and wheelchairs, from heavy leakage and odor.

Briefs are tab-style products that provide the highest level of protection, designed to contain both urine and bowel. Available in either a poly (plastic) backsheet or a clothlike backsheet for added comfort and breathability.

Disposable Swimwear is typically worn under a bathing suit and primarily intended for discreet bowel containment. For best performance, look for products designed for minimal swelling that will not break apart in water.

“

“My son was born with cerebral palsy and has had incontinence his entire life. When he outgrew baby diapers and children’s pull-ons, we started using Tranquility® youth products, and they were far superior to anything else. Tranquility has been keeping my son dry for over 20 years.”

Did You Know?

Pads and liners have a moisture-proof backing and are meant to be worn in regular underwear. They should not be used as a liner inside another incontinence product, as this may actually cause moisture to run out of the product and leak. **Do not use with other incontinence products.**

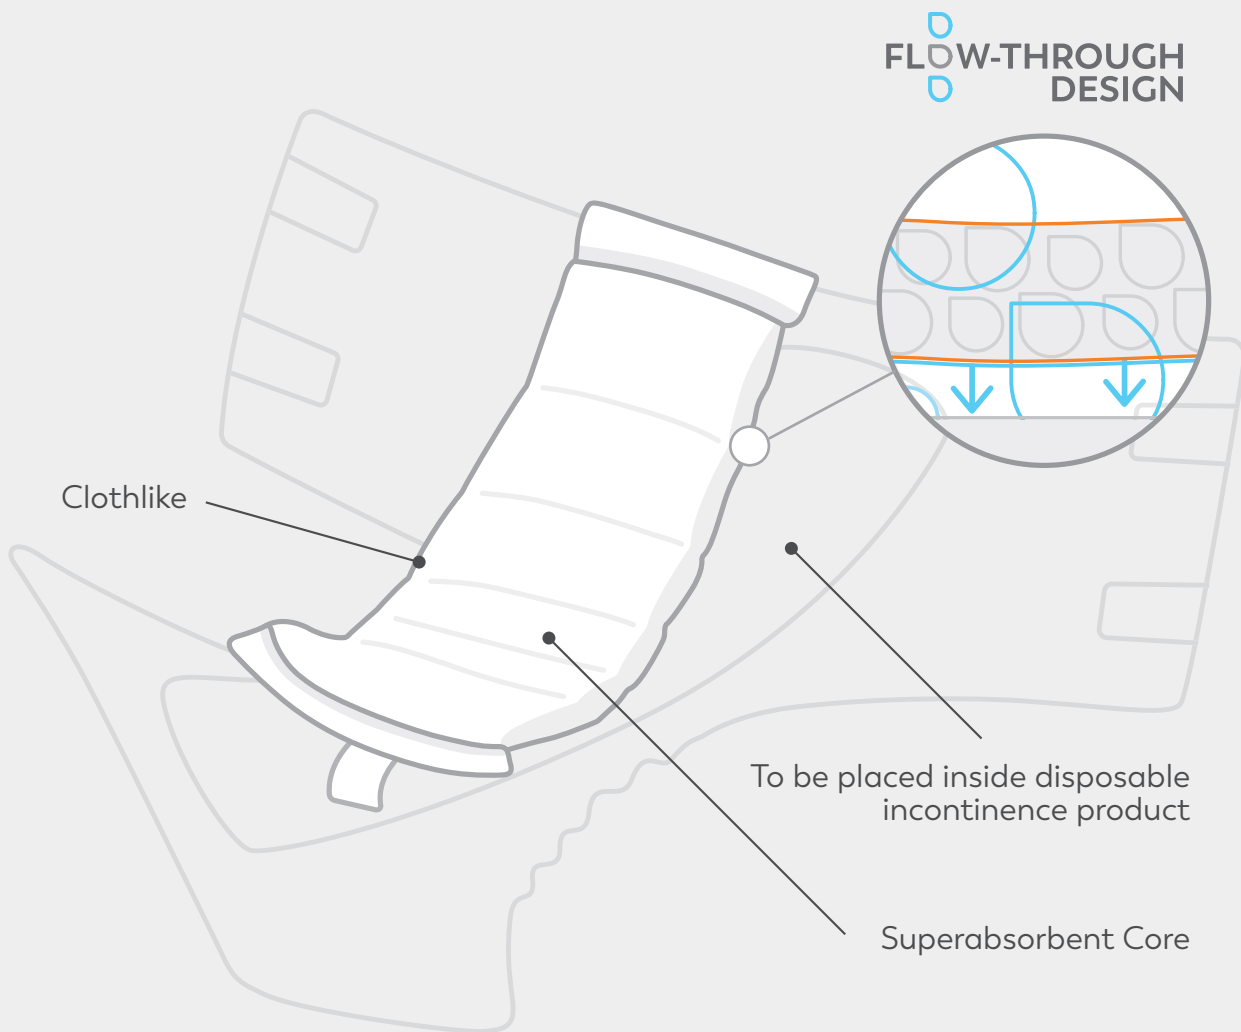

PADS & LINERS

+

REGULAR
UNDERWEAR

Boosters

What is a Booster Pad?

Booster pads provide extra protection.

They have a flow-through design allowing them to absorb initial fluid before passing additional moisture into a primary incontinence product. Booster pads should always be placed inside another disposable incontinence product that has a moisture-proof backing.

Do not use with regular underwear.

Booster pads can be folded and even doubled for added protection, but should never be cut.

Did You Know?

Booster pad placement is important. **The pads can be placed in targeted areas where additional absorption is needed.**

Booster pads can be folded and even doubled for added protection, but should never be cut.

Host Garment – The pad's adhesive side should face out, away from the body. Make sure the pad is fully contained within the host incontinence product; no part should extend beyond the edge of the garment's absorptive pad area.

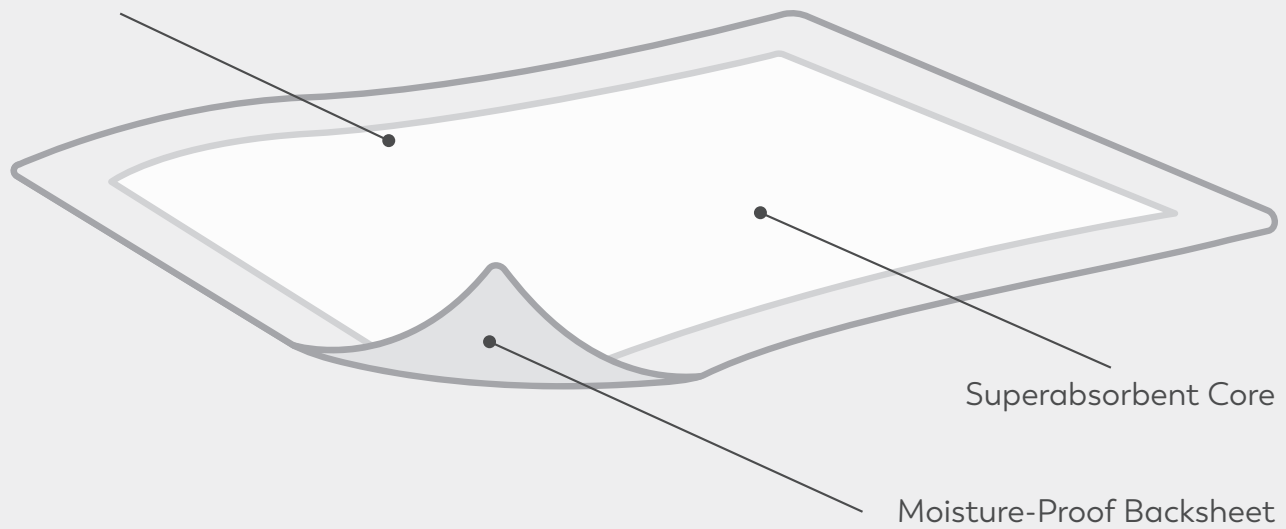

For Women – Place the pad more toward the bottom.

For Men – Place the pad more toward the front.

Did You Know?

Underpads are typically used to protect mattresses and furniture from urine damage and reduce linen laundry. They also can protect other surfaces, including wheelchairs, vehicle seats and the floor beneath a portable or bedside toilet.

In fact, they have many uses – to temporarily absorb light leakage of kitchen pipes and refrigerator drips, soak up car oil or other spills in the garage, or as a protective cover for baby diaper changes when using a public changing station.

“Tranquility® SlimLine® Briefs are a great product. I have used them for over 25 years. They have strong absorbency and keep me odor-free.”

VERIFIED TRANQUILITY CUSTOMER

“

“When I send Tranquility® product samples to my patients, they almost always end up buying these products.”

*Moisture absorbency; not capacity under pressure.

Did You Know?

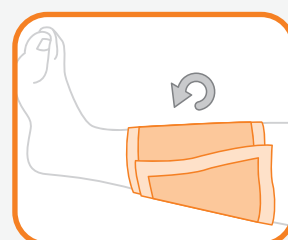

ThinLiner Moisture Management Sheets offer multiple applications and uses. They are ideal for tucking, folding and wrapping in or around skin folds, the groin area, under breasts – wherever light-to-moderate moisture is present.

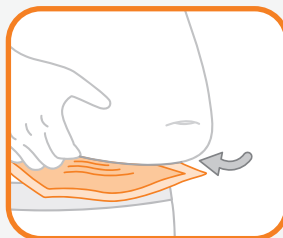

ThinLiner Sheets can be folded to fit various sizes and applications, but should never be cut.

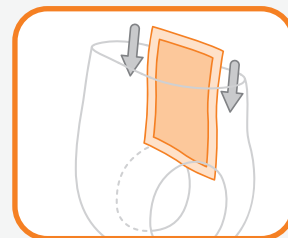

Relieves tightened digits

Collects wound exudate

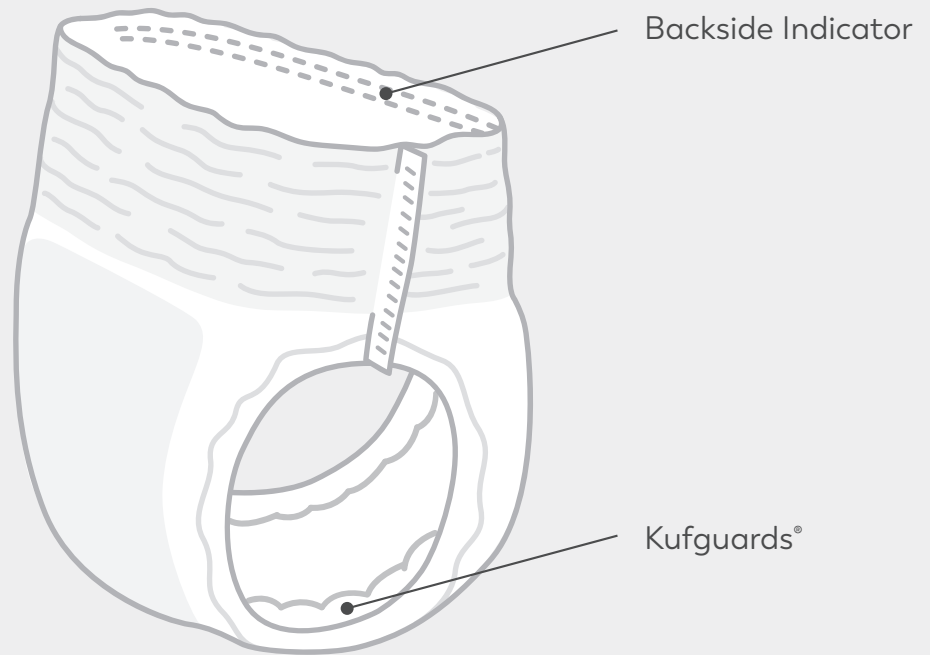

Wicks away moisture

Absorbs loose stool*

*ThinLiner Sheets should always be placed inside another disposable incontinence product that has a moisture-proof backing. **Do not use with regular underwear.**

Disposable Swimwear

Swimmates®

Feel confident to go back in the water again with these disposable swimwear worn under a bathing suit to contain bowel incontinence, without swelling or breaking apart.

Unisex Kufguards® Moisture Barrier Latex-Free

Item	Size	Waist/Hip	Weight	Case Count	HCPC

“Our 13-year-old grandchild has complex healthcare needs. He is not yet bowel potty-trained. He is tall and skinny, which makes it hard to find swim underwear in the size needed; however, these Swimmates® were perfect. Great for a youngster who loves pool time with family.”

VERIFIED TRANQUILITY CUSTOMER

“

“My mom could have been a poster child for Tranquility® products. They are the best – she used them until she passed away at 101 years old. The products were amazing and of much higher quality than the competitors’ products.”

Jerry, CARE COORDINATOR, MN

Reference Materials

How to Measure

Use a tape measure to measure in inches the **widest part of your body between waist and hip**. Use this number to determine product size.

Briefs Size Guide

Size	Waist/Hip	Weight	Women's Pant Size	Men's Pant Size
Youth	16" - 22"	28 - 42 lbs	N/A	N/A
X-Small	18" - 26"	42 - 90 lbs	0 - 3	18 - 26
Small	24" - 32"	85 - 100 lbs	4 - 6	24 - 32
Medium	32" - 44"	100 - 150 lbs	8 - 12	32 - 44
Large	44" - 58"	150 - 200 lbs	14 - 18	44 - 58
X-Large	56" - 64"	200 - 250 lbs	18 - 24	56 - 64
2XL	60" - 80"	250+ lbs	26 - 28	60+
3XL	64" - 96"	250+ lbs	28+	64+
4-5XL	70" - 108"	250+ lbs	28+	70+

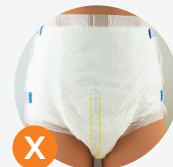

Good Fit

Too Big

Too Small

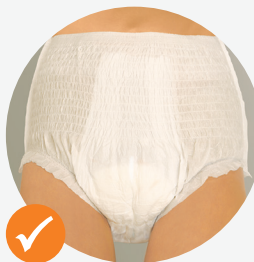

Brief should fit snugly with the placement of the tape tabs **on the hips** and no gaps around the legs.

Protective Underwear Size Guide

Size	Waist/Hip	Weight	Women's Pant Size	Men's Pant Size
Youth	15" - 25"	38 - 65 lbs	N/A	N/A
X-Small	17" - 28"	65 - 85 lbs	0 - 3	17 - 28
