

# Tranquility Usage in the VA System

PBE's high performance incontinence products deliver results:

- 30% less brief changes
- 40% less clothing changes
- 54% less linen changes

While incontinence products may seem like a commodity-type procurement, PBE has repeatedly proven that high performance incontinence products can save overall costs to the government while **improving the quality of life to the veteran population.**

Serving our Veterans with Honor, Dignity and Tranquility...

Fewer changes > Less risks > Better outcomes

- ★ Uninterrupted sleep
- ★ Reduced risk of slips/falls
- ★ Reduction of MASD  
(Moisture Associated Skin Damage)
