#### Long Description

**Tranquility® SmartCore® Briefs are the smart choice for superior leakage control, odor reduction and skin protection.** They feature comfortable, uniquely designed Kufguards® leg cuffs that keep you leak-free by guiding urine and fecal loss into the premium superabsorbent core, which can hold and lock in up to 34 oz of fluid (for reference, the average adult releases 8-12 oz, or 1-1.5 cups, when they urinate). Fluid stays in the core and will not be squeezed out when you sit, stand up or do other everyday activities. Protects your skin from damaging moisture with breathable sides that allow heat and humidity to escape. Plus, SmartCore Briefs are comfortable for extended wear, with four closure tabs that can be opened and re-closed to give you a better fit and make it easy to check before changing. These briefs also give you a sense of security with soft elastics around your legs that stop leaks. The clothlike material is gentle against your skin and quiet when you move, with a moisture-proof backing that ensures fluid will not leak through. A wetness indicator makes it easy and convenient to know when a change is needed, to protect your skin. SmartCore Briefs offer the ideal combination of maximum protection and breathability for dry and healthy skin.

Long Description
<p><b>Tranquility® SlimLine® – the brief style you love in a slimmer profile.</b>  Conforming to your body more closely than typical disposable garments, these briefs are available in a full range of sizes for the perfect fit, and in two types of materials, each with unique benefits. The Youth, X-Small and Small sizes have a clothlike material that is soft and rustle-free when you move. The Medium, Large and X-Large sizes have a familiar plastic outer material. Both materials offer a moisture-proof barrier, giving you confidence that fluid cannot leak through. SlimLine Briefs can be opened and re-closed to allow quick checks throughout the day, and also give you a sense of security with soft elastics around your legs to stop leaks. Besides fitting and feeling great, they offer superior protection. Their comfortable, uniquely designed Kufguards® leg cuffs keep you leak-free by guiding urine and fecal loss into the premium superabsorbent core, which extends over your hips for added front and back security. The core holds and locks in up to 24 oz of urine (for reference, the average adult releases 8-12 oz, or 1-1.5 cups, when they urinate). Fluid in the core will not be squeezed out when you walk, stand up or move around as part of your active lifestyle. A wetness indicator makes it easy and convenient to know when a change is needed, to protect your skin. SlimLine Briefs offer the ideal combination of protection, security and discretion that keeps you moving.</p>

**Long Description**

**Tranquility® Premium AIR-Plus™ Bariatric Briefs provide complete skin health protection with our largest 4-5XL plus-sized fit.** Protects your skin from damaging moisture with 100% breathable materials that allow heat and humidity to escape and air to circulate. This is especially important where skin can fold and trap in damaging heat and moisture. Among the largest and most comfortable briefs available, they are designed with extended, stretchable panels for a true 108" maximum size and a higher rise in the waist. Four closure tabs can be opened and re-closed to provide a customized fit and make it easy to check before changing. These briefs give you a sense of security with soft elastics around your legs that stop leaks. Long Description
<p><b>Tranquility® Premium OverNight™ Underwear gives you all-night protection to sleep easy – now with the benefits of Air-Plus™ technology.</b> Constructed with 100% breathable materials throughout to ensure a barrier to liquid while allowing air to flow through and heat and humidity to escape. This 100% breathability offers the ideal combination of protection, cool comfort and security for a restful night of sleep. Unique Kufguards® leg cuffs guide urine to the core. Fluid is quickly absorbed into a carefully designed, premium superabsorbent core that holds and locks in up to 34 oz of urine, even when you are lying down, for full overnight protection. For reference, the average adult releases 8-12 oz, or 1-1.5 cups, when they urinate. Most importantly, the fluid stays in the core and will not be squeezed out, even if you move around in your sleep – allowing you a quality night of rest. Your premium sleep experience also includes clothlike material that is gentle against your skin and quiet when you move, with a moisture-proof backing that ensures fluid will not leak through. Soft leg elastics combine with a form-fitting elastic waistband to create a secure fit. In the morning, just pull off the product like regular underwear, or if needed, use the tear-away side seams for easy removal. OverNight™ Underwear helps you rest better, with maximum absorbency that keeps you dry and comfortable all night.</p>

**Tranquility® Premium OverNight™ Underwear give you maximum protection for leak-free nights – now in a size 3XL fitting up to a 95" waist.** One of the largest pull-on disposable products in the market, OverNight Underwear offer maximum comfort provided by a fuller fit, thanks to longer side seams and a larger waistband; additional leakage control from a longer absorbent core; and an enhanced sense of coverage provided by extra material and a higher rise at the waist. Plus they offer the benefits of Air-Plus™ technology – 100% breathable materials throughout that ensure a barrier to liquid while allowing air to flow through and heat and humidity to escape. This unique combination of 100% breathability in a 3XL pull-on provides the utmost protection, cool comfort and security for a restful night of sleep. Other features include the uniquely designed Kufguards® leg cuffs that guide urine to the core. Fluid is quickly absorbed into a carefully designed, premium superabsorbent core that holds and locks in up to 34 oz of urine, even when you are lying down, for full overnight protection. **Long Description**

Tranquility® Personal Care Pads are so gentle and secure, you will forget you are wearing it – and no one else will know, either. They offer soft and quiet protection, with the freedom to wear your regular underwear. One of the highest-capacity pads in the market, thanks to a premium superabsorbent core that holds and locks in up to 16.9 oz of urine. For reference, the average adult releases 8-12 oz (1-1.5 cups) when they urinate. Fluid stays in the core and will not be squeezed out when you sit, stand up or move around, providing protection and leak-free security. Quickly wicks fluid from your skin with specially embossed channels that guide fluid to the core. The clothlike material is gentle against your skin and quiet when you move, with a moisture-proof backing that ensures fluid will not leak through. Gentle elastics form a cup shape to stop leaks for a secure fit, and an adhesive strip keeps the pad in place. Choose from three absorbency levels to meet your needs. Super and Ultimate pads are individually wrapped for on-the-go convenience. Personal Care Pads offer gentle protection for discreet security.

Long Description
<p><b>Tranquility® TopLiner® Booster Pads extend the wear time of incontinence garments, so you can go longer between changes.</b> They are designed to absorb an initial amount of fluid before allowing additional fluid to pass through to the primary garment. This makes them ideal for pairing with disposable pull-on underwear or tape-tab briefs, but should not be worn in regular underwear. Intended to be flexible so you can position them where you need extra protection; for women, this may be more toward the center, while for men, it may be more toward the front. An adhesive strip keeps the pad in place. Boosters can be folded and even doubled for added protection, but should not be cut. The clothlike material is gentle against your skin and quiet when you move. TopLiner Booster Pads are your extra line of defense against leaks.</p>

**Tranquility® Premium AIR-Plus™ Breathable Underpads offer complete skin health protection while guarding your home's surfaces.** Feature 100% breathable materials that allow humidity to escape and air to circulate. Designed with PowerSorb® embossed channels to rapidly draw moisture into the premium superabsorbent core, which holds and locks in up to 34 oz of urine (for reference, the average adult releases 8-12 oz, or 1-1.5 cups, when they urinate). This means you will have ample capacity for all-night protection. The quick-wicking action also minimizes unpleasant odors. The clothlike topsheet is gentle against skin, which helps minimize pressure ulcers by reducing friction and shear. Backsheet is moisture-proof to ensure fluid will not leak through. 30" x 36" underpad is specifically designed for use with low-air-loss beds, or great added protection on furniture, wheelchairs and other surfaces. Choose Premium AIR-Plus Breathable Underpads for complete comfort and optimal skin health protection.

*Lay printed side down against bed, chair or other surface.*

**Long Description**

**Tranquility® Cleansing Wipes are specially formulated to be gentle and keep sensitive skin healthy.** Keep your skin healthy and free of irritants with these paraben- and alcohol-free wipes, which deter a stinging sensation in delicate areas. Enriched with natural ingredients like aloe vera, vitamin E and chamomile, which provide deep hydration to the skin while reducing redness, inflammation and the risk of infection. Chamomile provides added benefits of soothing sensitive tissue and helping heal wounds.

These durable wipes are extra-large and sturdy to handle large cleanups with ease. The 9" x 13" surface is soft, clothlike and can stretch and fold without tearing, keeping your hands clean. Use the mild-scented, skin-friendly wipes to conveniently freshen up without taking a full bath. Each 56-pack has a resealable lid to keep the wipes moist and ready to use for a long time. Cleansing Wipes are the generously sized wipe that provides a quicker cleanup.

**Tranquility® ThinLiner Moisture Management® Sheets offer a variety of ways to protect from maceration, chafing, pressure sores and other skin issues.** These 100% breathable, clothlike sheets can be tucked, folded or wrapped in or around fingers, toes, skin folds, groin area or under breasts. The ultra-thin sheets absorb equally from both sides, rapidly drawing moisture away from your skin and locking it into the absorbent core. This leaves your skin feeling more comfortable and limits odor by prohibiting bacteria growth. Other uses include covering bandages to add absorbency on seeping wounds, relieving sore finger joints, and absorbing loose stool.\* ThinLiner Sheets fold easily to fit anywhere, but should never be cut. Make ThinLiner Sheets your all-purpose moisture management solution.

*\*When used for incontinence management, ThinLiner Sheets should always be placed inside another disposable product that has a moisture-proof backing. Do not use with regular underwear.*
