Long Description

Tranquility® SmartCore® Briefs are the smart choice for superior leakage control, odor reduction and skin protection. They feature comfortable, uniquely designed Kufguards® leg cuffs that keep you leak-free by guiding urine and fecal loss into the premium superabsorbent core, which can hold and lock in up to 34 oz of fluid (for reference, the average adult releases 8-12 oz, or 1-1.5 cups, when they urinate). Fluid stays in the core and will not be squeezed out when you sit, stand up or do other everyday activities. Protects your skin from damaging moisture with breathable sides that allow heat and humidity to escape. Plus, SmartCore Briefs are comfortable for extended wear, with four closure tabs that can be opened and re-closed to give you a better fit and make it easy to check before changing. These briefs also give you a sense of security with soft elastics around your legs that stop leaks. The clothlike material is gentle against your skin and quiet when you move, with a moisture-proof backing that ensures fluid will not leak through. A wetness indicator makes it easy and convenient to know when a change is needed, to protect your skin. SmartCore Briefs offer the ideal combination of maximum protection and breathability for dry and healthy skin.

Long Description
<p>Tranquility® SlimLine® – the brief style you love in a slimmer profile.</p> <p>Conforming to your body more closely than typical disposable garments, these briefs are available in a full range of sizes for the perfect fit, and in two types of materials, each with unique benefits. The Youth, X-Small and Small sizes have a clothlike material that is soft and rustle-free when you move. The Medium, Large and X-Large sizes have a familiar plastic outer material. Both materials offer a moisture-proof barrier, giving you confidence that fluid cannot leak through. SlimLine Briefs can be opened and re-closed to allow quick checks throughout the day, and also give you a sense of security with soft elastics around your legs to stop leaks. Besides fitting and feeling great, they offer superior protection. Their comfortable, uniquely designed Kufguards® leg cuffs keep you leak-free by guiding urine and fecal loss into the premium superabsorbent core, which extends over your hips for added front and back security. The core holds and locks in up to 24 oz of urine (for reference, the average adult releases 8-12 oz, or 1-1.5 cups, when they urinate). Fluid in the core will not be squeezed out when you walk, stand up or move around as part of your active lifestyle. A wetness indicator makes it easy and convenient to know when a change is needed, to protect your skin. SlimLine Briefs offer the ideal combination of protection, security and discretion that keeps you moving.</p>

Long Description
<p>Tranquility® Bariatric Briefs provide full-stretch comfort in a 3XL size for the perfect plus-sized fit – now with Air-Plus® 100% breathable technology. Protects your skin from damaging moisture with 100% breathable materials that allow heat and humidity to escape and air to circulate. Breathable, stretchy side panels comfortably fit up to a 96” waist. Four closure tabs can be opened and re-closed to provide the perfect customized fit and make it easy to check before changing. These briefs give you a sense of security with soft elastics around your legs that stop leaks. Clothlike material is gentle against your skin and quiet when you move, with a moisture-proof backing that assures you fluid will not leak through. Long Description
<p>Tranquility® Premium Air-Plus® Hi-Rise Bariatric Briefs provide complete skin health protection with up to our largest plus-sized fit (4-5XL). Protects your skin from damaging moisture with 100% breathable materials that allow heat and humidity to escape and air to circulate. This is especially important where skin can fold and trap in damaging heat and moisture. They are designed with additional material that rises above the waist, providing you extra assurance that you are protected. Among the largest and most comfortable briefs available, they are designed with extended, stretchable panels for up to a true 108" maximum size and a higher rise in the waist. Four closure tabs can be opened and re-closed to provide a customized fit and make it easy to check before changing. These briefs give you a sense of security with soft elastics around your legs that stop leaks. <p>Tranquility® Premium OverNight™ Underwear gives you all-night protection to sleep easy – now with the benefits of Air-Plus® technology. Constructed with 100% breathable materials throughout to ensure a barrier to liquid while allowing air to flow through and heat and humidity to escape. This 100% breathability offers the ideal combination of protection, cool comfort and security for a restful night of sleep. Unique Kufguards® leg cuffs guide urine to the core. Fluid is quickly absorbed into a carefully designed, premium superabsorbent core that holds and locks in up to 34 oz of urine, even when you are lying down, for full overnight protection. For reference, the average adult releases 8-12 oz, or 1-1.5 cups, when they urinate. Most importantly, the fluid stays in the core and will not be squeezed out, even if you move around in your sleep – allowing you a quality night of rest. Your premium sleep experience also includes clothlike material that is gentle against your skin and quiet when you move, with a moisture-proof backing that ensures fluid will not leak through. Soft leg elastics combine with a form-fitting elastic waistband to create a secure fit. In the morning, just pull off the product like regular underwear, or if needed, use the tear-away side seams for easy removal. OverNight™ Underwear helps you rest better, with maximum absorbency that keeps you dry and comfortable all night.</p>

<p>Tranquility® Premium OverNight™ Underwear give you maximum protection for leak-free nights – now in a size 3XL fitting up to a 95" waist. One of the largest pull-on disposable products in the market, OverNight Underwear offer maximum comfort provided by a fuller fit, thanks to longer side seams and a larger waistband; additional leakage control from a longer absorbent core; and an enhanced sense of coverage provided by extra material and a higher rise at the waist. Plus they offer the benefits of Air-Plus® technology – 100% breathable materials throughout that ensure a barrier to liquid while allowing air to flow through and heat and humidity to escape. This unique combination of 100% breathability in a 3XL pull-on provides the utmost protection, cool comfort and security for a restful night of sleep. Other features include the uniquely designed Kufguards® leg cuffs that guide urine to the core. Fluid is quickly absorbed into a carefully designed, premium superabsorbent core that holds and locks in up to 34 oz of urine, even when you are lying down, for full overnight protection. Long Description
<p>Tranquility® Personal Care Pads combine a sleek and slim design with premium absorbent protection, so you can enjoy greater discretion and peace of mind – all with the freedom to wear regular underwear. These soft and gentle pads feature the benefits of Air-Plus™ technology, with 100% breathable core materials that allow fresh air to flow through and heat and humidity to escape, for ideal skin protection. Moisture-proof backing ensures a barrier to leaks. Acquisition layer quickly wicks fluid from the skin and guides it to the optimized, superabsorbent core that holds and locks in fluid, so it will not be squeezed out when you sit, stand up or move around. Personal Care Pads provide utmost comfort, with a narrower crotch and gentle elastics forming a cup shape to contour the body for an ideal fit. Adhesive strip keeps the pad in place. Clothlike material is gentle against the skin. Choose from three absorbency levels to meet your needs; all pads are individually wrapped for optimal hygiene and on-the-go convenience, and are not made with natural rubber latex. Personal Care Pads offer gentle protection with discreet security.</p> <p>For Overnight Size (2482) only: The Personal Care Pad OverNight version (Item #2482) offers extended wear time and protection that promotes healthy, un-interrupted sleep. The targeted absorption zone is wider in the back for extra protection; men can flip the pad around to provide more coverage in the front, if desired.</p>

Long Description

Tranquility® TopLiner® Booster Pads extend the wear time of incontinence garments, so you can go longer between changes. They are designed to absorb an initial amount of fluid before allowing additional fluid to pass through to the primary garment. This makes them ideal for pairing with disposable pull-on underwear or tape-tab briefs, but should not be worn in regular underwear. Intended to be flexible so you can position them where you need extra protection; for women, this may be more toward the center, while for men, it may be more toward the front. An adhesive strip keeps the pad in place. Boosters can be folded and even doubled for added protection, but should not be cut. The clothlike material is gentle against your skin and quiet when you move. TopLiner Booster Pads are your extra line of defense against leaks

Long Description

Tranquility® Air-Plus® Breathable Underpads offer complete skin health protection while guarding your home's surfaces. Feature 100% breathable materials that allow humidity to escape and air to circulate. Designed with PowerSorb® embossed channels to rapidly draw moisture into the premium superabsorbent core, which holds and locks in up to 34 oz of urine (for reference, the average adult releases 8-12 oz, or 1-1.5 cups, when they urinate.) This means you will have ample capacity for all-night protection. The quick-wicking action also minimizes unpleasant odors. The clothlike topsheet is gentle against skin, which helps minimize pressure ulcers by reducing friction and shear. Durable backsheet can be shifted for boosting, turning and repositioning* up to 375 lbs and is moisture-proof to ensure fluid will not leak through. 30" x 36" underpad is specifically designed for use with low-air-loss beds, or great added protection on furniture, wheelchairs and other surfaces. Choose Premium Air-Plus Breathable Underpads for complete comfort and optimal skin health protection.

**Independently tested for the ability to boost, turn and reposition up to 375 lbs (170 kg), per an ISO 17025 Accredited Lab. Product should be used in accordance with Safe Patient Handling Guidelines. Lay printed side down against bed, chair or other surface.*

- Feature 100% breathable materials that allow humidity to escape and air to circulate
- PowerSorb® embossed channels rapidly draw moisture into the core
- Premium superabsorbent core holds and locks in up to 34 oz of urine (for reference, the average adult releases 8-12 oz, or 1-1.5 cups, when they urinate)
- Ample capacity for all-night protection
- Quick-wicking action also minimizes unpleasant odors
- Clothlike topsheet is gentle against skin, which helps minimize pressure ulcers by reducing friction and shear
- Durable backsheet can be shifted for boosting, turning and repositioning* up to 375 lbs and is moisture-proof to ensure fluid will not leak through
- 30" x 36" underpad is specifically designed for use with low-air-loss beds, or great added protection on furniture, wheelchairs and other surfaces

Choose Premium AIR Air-Plus Breathable Underpads for complete comfort and optimal skin health protection.

**Independently tested for the ability to boost, turn and reposition up to 375 lbs, per an ISO 17025 Accredited Lab. Product should be used in accordance with Safe Patient Handling Guidelines. Lay printed side against bed, chair or other surface.*

Long Description

Tranquility® ThinLiner Moisture Management® Sheets offer a variety of ways to protect from maceration, chafing, pressure sores and other skin issues. These 100% breathable, clothlike sheets can be tucked, folded or wrapped in or around fingers, toes, skin folds, groin area or under breasts. The ultra-thin sheets absorb equally from both sides, rapidly drawing moisture away from your skin and locking it into the absorbent core. This leaves your skin feeling more comfortable and limits odor by prohibiting bacteria growth. Other uses include covering bandages to add absorbency on seeping wounds, relieving sore finger joints, and absorbing loose stool.* ThinLiner Sheets fold easily to fit anywhere, but should never be cut. Make ThinLiner Sheets your all-purpose moisture management solution.

**When used for incontinence management, ThinLiner Sheets should always be placed inside another disposable product that has a moisture-proof backing. Do not use with regular underwear.*

Short Description

This discreet unisex disposable Underwear is worn under a bathing suit. Features Kufguards® (inner leg cuffs) and moisture barrier to help contain bowel incontinence. Designed for minimal swelling and does not break apart when wet.

ALTERNATE: Feel confident to go back in the water again with these disposable swimwear worn under a bathing suit to contain bowel incontinence, without swelling or breaking apart.

Long Description

Provide confidence and discretion when in public and group settings. The disposable swimwear is worn under a bathing suit to provide containment for bowel incontinence. The blue, moisture-proof barrier and Kufguards® (inner leg cuffs) help contain bowel incontinence, keeping the pool and bathing suit clean. Designed to have minimal swelling and does not break apart. Tear-away side seams are used for easy removal and disposal.
